

Loan Product Advisor®

December 2023 Release Notes

Loan Product Advisor® (LPASM) release notes provide updates on LPA enhancements to help streamline the way you work and offer a summary of feedback messages.

Bi-annual CRC and TA Updates

Effective December 3

To provide you with the latest information on credit reporting companies (CRCs) and technical affiliates (TAs) available to you, we'll be conducting our bi-annual update of the [Credit Reporting Companies and Technical Affiliates webpage](#). Changes will include:

- Removal of TA codes for:
 - Universal Credit by Xactus, #5127
 - CIS by Xactus, #5022
 - Xactus via ML, #2304
- Updated contact information for:
 - Lenders One
 - American Reporting Company LLC
 - Advantage Credit Inc.

UX Enhancements for Direct Entry Users

Effective December 8

If you access LPA directly through the Loan Advisor portal, new enhancements improve functionality and navigation.

New Capability to Sort by Columns in Tables

This capability to sort the search results by any column will also be available for Loan Assignment logs and history.

The screenshot displays the 'Search Results' page in the Loan Product Advisor interface. At the top, there are navigation links: 'Loan Product Advisor', 'CREATE LOAN', and 'OTHER LINKS'. A user ID '000601' is visible in the top right. The search filters are set to 'Borrower Last Name: Freddie', 'Borrower First Name: John', and a date range from 'Jun 01 2023 00:00:00 GMT-0400 (Eastern Daylight Time)' to 'Mon Jun 26 2023 00:00:00 GMT-0400 (Eastern Daylight Time)'. The results show '453 record(s) found'. A red box highlights a dropdown arrow in the 'LOAN APPLICATION #' column header, with a red arrow pointing to it from a text box that says 'New Table feature: Ability to sort the Search Results by any column'. Below the table, there is a list of loan records with columns: BORROWER NAME, LOAN APPLICATION #, DATE & TIME OF SUBMISSION, LP AUS KEY #, TRANSACTION ID, ORIGINATING LENDER, and AUS RISK CLASS.

BORROWER NAME	LOAN APPLICATION #	DATE & TIME OF SUBMISSION	LP AUS KEY #	TRANSACTION ID	ORIGINATING LENDER	AUS RISK CLASS
FREDDIE,JOHN	ULAD2highrisk001	2023-06-26 09:58:58	D0542142	4132087	Cybertek Test 2	Accept

Updated PDF Preview for Feedback Certificate Downloads

Upon selection of the printer icon, the feedback certificate will continue to be displayed in one tab and the PDF print preview version will be displayed in another tab. The navigational header to the LPA home page, Create Loan, Other Links and business card will no longer appear in the PDF print preview version, but can be accessed from the primary tab.

ALICE FREDDIE 990-80-0008	N/A	L104231	Conventional

Navigational header will no longer appear on PDF print preview version

Caution Message Updates

Effective December 10

We're revising messages to help you quickly identify reasons why LPA returned a Caution risk class for the loan submission. We're also adding a new message specific to short sale or deed in lieu of foreclosure to help you understand whether there are actions you can take with your borrower to get the loan submission successfully through the risk assessment.

Review the [associated feedback messages](#).

AIM for Income Using Direct Deposits Activation

Effective December 15

If you're an LPA asset and income modeler (AIM) user but aren't currently leveraging direct deposit data as part of the asset and income assessment, this capability will be activated for you with no integration steps or activation process required. You'll no longer need to contact us to get activated for direct deposit data to reduce the traditional documentation burden, close loans faster and obtain potential representation and warranty relief related to the assessed income.

LPA only responds back with [direct deposit feedback messages](#) when income rep and warranty relief is available. If direct deposit income is eligible for relief, you'll no longer see messages requesting documentation of the income in most cases. Ensure you're contracted with and connected to a service provider that can source direct deposit account data and that they send transaction history up to 24 months when available.

Check out the AIM for income using direct deposits [job aid](#) and [webinar](#) for additional guidance.

New Payroll Service Provider for AIM

Effective December 17

We're adding Truv as a new payroll service provider for AIM for income using employment data to verify income and employment. Using this data, AIM can assess for potential rep and warranty relief available.

Reference the [LPA v5.3.00 Specification Bulletin Amendment 03](#) for more technical implementation information on the enumeration needed to start using Truv and check out the [job aid](#) for additional guidance.
